FOR IMMEDIATE RELEASE

AutoDrop & Zep Vehicle Care announce multi-site affiliation for product & services supply.

Pioneer of Destination Carwashes & leading chemical supplier set to develop 12 sites nationwide

New York, New York (June 6, 2018) – Destination Carwash Brand, AutoDrop Inc. of New York, NY has announced its plans for a strategic affiliation with Zep Vehicle Care that will encompass 12 future sites nationwide. Zep currently supplies chemicals to the Company's Flagship location at Westfield Garden State Plaza in Paramus NJ, which is one of the Country's top-20 Shopping & Lifestyle Centers.

AutoDrop is known in the Carwash industry for its innovative, parking-deck built Hitouch™ Conveyor-Carwash tunnel along with its Express Wash offering and signature Valet Wash that is provided at Mall valet locations. "We are absolutely thrilled to have Zep onboard for the next 12 sites," said Hayes Miller, President & CEO of AutoDrop. "Teaming up with this world-class organization will enable us to further provide value to our operators with Special Pricing that is simply not a possibility for single-site facilities."

"AutoDrop's affiliation exemplifies their dedication to ensuring that their operators access special pricing on high-quality products," said Sam Jones, Corporate Accounts Manager of Zep Vehicle Care. Zep is perhaps best known for their signature Armor All Professional® & Rain-X® products, which are recognizable brands with worldwide sales networks.

About AutoDrop Inc.

The AutoDrop vision traces back to 2007, when a pair of brothers & eventual AutoDrop co-founders, Hayes Miller & Bryce Miller, were called away to run a mall valet service designed to promote their family's local car dealership. The pair quickly picked up on how long shoppers would leave their cars unattended while shopping - and uncovered a legitimate business opportunity rooted in providing on-site car washes during this time. Though they would spend much of the next decade working on other aspects of the family businesses, the idea never left them; and

after finally committing to this new direction, AutoDrop was eventually born. For more information about AutoDrop, please visit its website at www.autodrop.com

About Zep Vehicle Care
